

Organic Cane Sugar Statement

(This statement does not expire and will only be updated if changes are required)

To All Graceland Fruit Customers,

Graceland Fruit, Inc. only uses organic granulated cane sugar in its organic dried fruits. Organic granulated cane sugar is a free flowing, all-purpose sweetener produced from sugarcane using a single crystallization process. Because it's far less processed than traditional white sugars, it retains the slight golden tan color and subtle taste profile of the original sugar cane. It is a more natural alternative to refined sugar.

Respectfully,

Christopher J. Oberski
Corporate Quality Manager
